

## **STATEMENT OF PURPOSE**

Nursing, a career related to the health care sector which focuses on the care of individuals, families, and communities so that they can attain, maintain, or recover optimal health and quality of life. It is a highly demanding career in today's date that brings new challenges in everyday life but comes with many rewards and a real sense of job satisfaction. Thus, I am determined to continue my education in the nursing field, and I feel honored and fortunate to have been accepted for pursuing Certificate IV in aging support and Diploma of Nursing in Australian Harbour International College, Sydney, Australia. Florence Nightingale, "The lady with the lamp" and her dedication to serve people has inspired me to choose nursing as my career.

## **INTRODUCTION**

I am Sunita Chand daughter of Mr. Pritha Bahadur Chand (Father) and Bindu Chand (Mother) born on 23 July 1999, an inhabitant of Tulsipur-12, Dang Nepal. I am presently residing in Lazimpat, Kathmandu Nepal. About my educational background I had passed my SLC (School Leaving Certificate) from Tulsipur Boarding Higher Secondary School in 2015 A.D. with first division (72.88%). After that, I completed Higher Secondary (intermediate Level) in Science faculty from Gorkha Secondary School, Tulsipur, Dang and secured 70.50% in the year 2017 A.D. I scored the overall score of 6 in IELTS examination held in 20<sup>th</sup> January 2018 conducted by IDP which was a positive point to fulfill my dream. Since my childhood I have been keenly interested in serving people as well as was interested in various social work along with my study. I have been a front line student, always enthusiastic and active in study as well as extra-curricular activities.

## **WHY AUSTRALIA**

After long research I decided to choose Australia as my education centre. My interest to get internationally recognized degree from highly recognized university, and intending my knowledge in international markets had led me to choose Australia for my future career. Most students in today's era prefer UK, USA, Canada and so on. According to my research I found USA has low security for international as well as their native students. To get admission in the reputed universities international students should appear different tests like SAT, GMAT, GRE which takes a long time for test preparation and is very

tough nuts to crack and its time consuming. Similarly, UK has very changing immigration rules and is unpredictable. UK, Canada having simple English language proficiency requirements as Australia does, i.e. IELTS but has vast difference in field of security as well as the amount of currency for living and studying. The rate of pound and dollar in other countries is higher and costlier than Australia respectively. In most countries, nursing profession is not very well appreciated but in Australia the study regarding nursing helps students to get reward also the Australian community values the knowledge and skills of nursing students a variety of study options and opportunities. I carried out comprehensive research about education standard of Australian Colleges and Universities. This degree from Australia will be recognized globally. Studying Australia will not only provide me world-wide recognized degree but will also provide me with the high standard and quality education with well structured courses, module and practical knowledge. Furthermore, safe, supportive, healthy, multicultural, harmonious, caring learning environment will turn out to be very beneficial. It will make me to understand different cultures, religions at the same time it will develop my personality. Therefore, the safety and lesser crime will complement to my discretion to choose Australia and fully convince my parents concern for the duration of my stay. The weather and climate are peace, pleasant, beautiful and suitable to adopt.

### **WHY AHIC**

Australian Harbour International College is a registered provider of vocational education and training offering courses in Accounting, Business and Health Science, located in the heart of the Sydney, Australia's biggest city. It emphasizes on quality education by creating unique learning opportunities for students and seeks ways to align its education products with the demands of the current labour market along with the adoption of new technologies with student focused teaching and learning strategies. Australian Harbour International College provides facilities which includes affordable tuition and living cost, lies in the central city location with abundant opportunities, range of student services available also with internship and job placement available nursing students. This institute will be the best choice for me to pursue my Certificate IV in ageing support and Diploma of Nursing.

### **WHY CERTIFICATE IV AGEING SUPPORT AND DIPLOMA OF NURSING**

Health is the only one crucial wealth for entire living beings and to give a hand to ameliorate some ones health, is one of the greatest job one can ever do. The gratification which I have got in my life by helping people is such a magnificent experience and this experience led me to choose this nursing profession. Nursing is a career since my childhood that I had dreamt of. Since my early age I had deep interest to serve needy people who suffer from illness. Nursing is the only profession where we can serve directly to the people. In nursing career each new day is alike new chapter for nurses because everyday it gives opportunity about the diseases prevailing in the world along with its prevention and treatment. So, it is never ending learning process. Certificate IV in Ageing Support (78 Weeks) is the qualification which will provide the skills needed to coordinate person-centred services for older people, provide support to people living with dementia and assist people with medication. It also helps to learn about how to provide support services using a palliative approach, and to serve people living with chronic diseases. Similarly, Diploma in Nursing (88 Weeks) is the qualification which will reflects the role of an enrolled nurse working under supervision of a registered nurse. This qualification covers the application of skills and knowledge required to provide nursing care for people across the health sector. As the perquisite and the contents of these courses is relevant as I have desired. That is the reason that I am really enthusiastic towards this course

Certificate IV in ageing support is the pathway course for Diploma of Nursing and hence, this degree propels me to my desired ambition. This degree (Certificate IV in ageing support (CRICOS Code: 093674K)) is a course of 78 weeks and (Diploma of Nursing (CRICOS Code: 095125A))a course of 88 weeks for international students The total cost for this course is \$50922(which includes enrollment, material, tuition, OHSC fees ). For the financial support from Nepal my father, mother, and my brother have shown full support. The documents shown for financial support are government job's annual income source documents from father where he has been working since about 27 years, private job's annual income source documents support from mother and brother where they have been working since around 2 years as well as the agricultural documents. Hence, looking at the various aspects of good college such as wide range of courses, reputation, quality of education, living standard, tuition fees and teaching methods, affordability, friendly and supportive people, I am

personally very much impressed by Australian Harbour International College, Sydney.

After the completion of Diploma of Nursing I hope to complete my further higher degrees. Then, I assure that I will be back to my homeland Nepal, as it is a developing country the standard of the education is underdeveloped and international education will certainly flourish my level of education which I would love to spread to upcoming generation who are willing to accomplish their qualification in nursing profession. In Nepal I will work as a clinical tutor so that I will be able to provide education both theoretically (in college) as well as practically (in hospital).

I am a girl with highly motivated, dedicated towards my future and life. Therefore, I would like to kindly request you to consider my application and provide me opportunity to fulfill my career.

All the above mentioned explanation is relevant.
